“ My thoughts and prayers to all his family. As kids we were close in age and enjoyed playing behind his house at the school. My brother was close with Blake as they were close in age as well. He gave of himself in service to others. No finer statement to be made about a person than that!

“ I was a about 14yo trauma patient in 1991 , he was the medic that day in Jeff City. I met him and others after that. I would ride my bike past the EMS crew. Later on I became 1st responder then EMT and learned to work the dispatch by Kevin. He always more then happy to share what he knew. We emailed often over the years. Kevin you'll be missed. Rest Sir.

“ I worked with Kevin at the University. He was one of the first friends I made when I moved to this area, and I loved being partners with him. Whenever he was my partner, I knew it was going to be a good shift. He was always so kind to everyone. He is missed.

“ I worked with Kevin on the ambulance at University. We both were always thrilled to see that we were partners for the shift. Had such a great time with him. I have some private stories that I won't share because that way I can keep them special not that they aren't. My heart is broken. I learned a lot from Kevin and will forever be grateful. I'll miss you my dear friend. Until we meet again.

“ Kevin was a friend, co-worker, and EMS family member, to me for over 30 years. We had many fun days of being on an ambulance together, he taught me a lot of the tricks of the trade, and I cooked many meals that we enjoyed together. We kept in touch after we retired. He will be missed. Barb Bennett

“ If I had not met Kevin on that fateful day in the mid 70's at Worlds of Fun, I wouldn't have become an EMT/Paramedic. He helped me change my life and made me into the person I am today. I owe him a debt I can never repay. Kevin, I love and miss you.
